About the Rockland Community Foundation: The Rockland Community Foundation is working to improve the quality of life in our region by increasing charitable giving. Its mission is to connect people and businesses with the causes that matter most to them through the creation of funds, across a wide range of interests, that donors create and the Foundation stewards.

Community foundations put philanthropy within reach, offering the ability to establish funds that will continue to give for years to come, with tax benefits that donors can take advantage of now. Most importantly, the funds stay in the community, which means donors will see the impact of their contributions in the place they call home.
